I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Assistant Commissioner for Patents, Washington, D.C. 20231, on 02-06-02

Enclosed herewith is a copy of the Rescission of Nonpublication Request, which was sent to the Patent Office on December 5, 2001. Also enclosed is a copy of the postcard receipt stamped by the PTO Mailroom on January 25, 2002. This first Rescission of Nonpublication Request was timely filed within forty-five (45) days after the filing of an international application of the above-identified patent application. However, no serial number of filing date was provided on the rescission request, as neither a filing receipt nor a postcard receipt referencing this information had yet been received from the Patent Office. The rescission request was filed in order to be in compliance with 37 C.F.R. 1.213(c).

Applicant is again filing a Rescission of Nonpublication Request under 37 C.F.R. Section 1.213(a) for the above-identified patent application, now that a serial number and filing date have been officially received. The first request for rescission for nonpublication was submitted, pursuant

to 37 C.F.R. Section 1.213(c), within forty-five (45) days after a) the foreign filing of the above-identified patent application or b) the filing of an international application of the above-identified patent application.

Respectfully submitted,
